

For Employer-Sponsored Health Plans

What is OptimaDirect®?

OptimaDirect network plans offer all the benefits and services you expect from an Optima Health plan. They include the full network of over 35,000¹ doctors and facilities, in a two-tier structure.

The Direct network consists of:

- **Tier 1:** Entire Optima Health network with the exception of doctors and facilities in Tier 2
- **Tier 2:** Mary Washington Healthcare doctors and facilities

Note: Effective April 15, 2021, University of Virginia Health System doctors and facilities are now in Tier 1

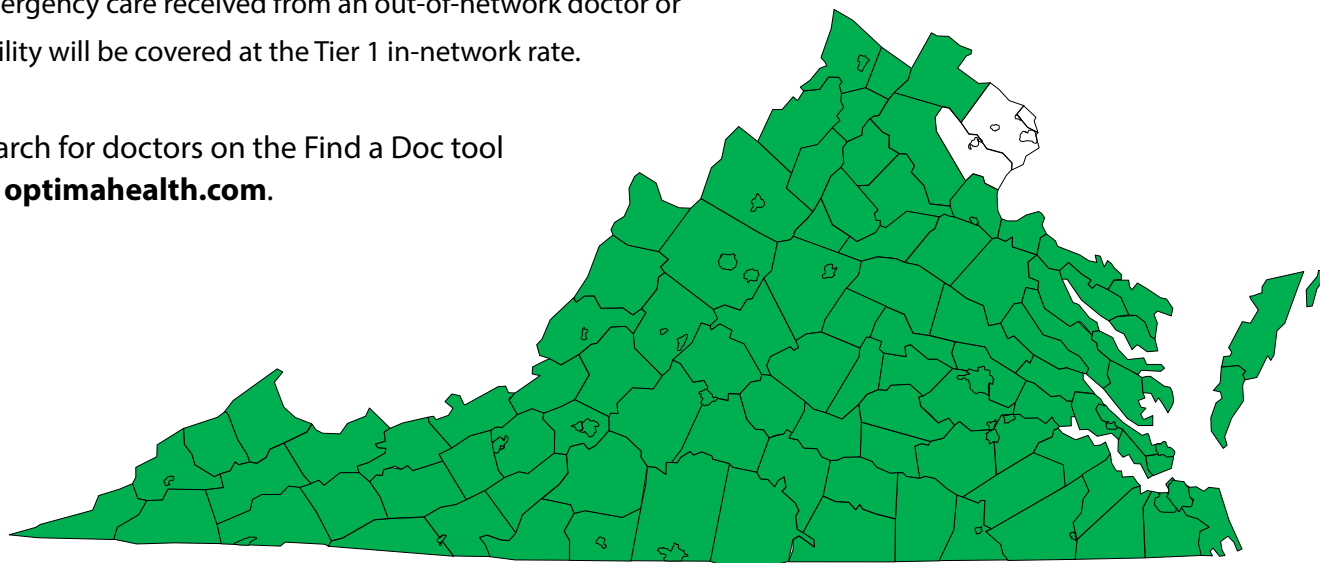

Emergency care received from an out-of-network doctor or facility will be covered at the Tier 1 in-network rate.

Search for doctors on the Find a Doc tool on [optimahealth.com](https://www.optimahealth.com).

Members can maximize cost savings when they use a Tier 1 doctor or facility.

Where are OptimaDirect plans available?
