

Optima Design: A Consumer-Directed Health Plan (CDHP)

coupled with a Health Reimbursement Arrangement (HRA)

Optima Health Member Frequently Asked Questions

1. What is a (CDHP)?

Typically, with a Consumer-Directed Health Plan (CDHP), the member is responsible for fully satisfying a deductible and paying for initial healthcare expenses. The deductible is the amount of money a member or family pays out of pocket each year before insurance coverage for medical expenses can begin. With Optima Design plans coupled with a Health Reimbursement Arrangement (HRA), the HRA funds offered by the employer can be used to help cover the deductible expenses.

2. What is a (HRA)?

A Health Reimbursement Arrangement (HRA) is an employer–sponsored fund available to you and your eligible dependents to use in conjunction with your health plan. The funds are promised by your employer to help pay for certain eligible out-of-pocket medical expenses, such as a deductible or coinsurance.

Your employer determines the amount contributed and when the funds will be available to pay towards your, or your family's, eligible medical expenses.

3. Who is eligible to open an HRA?

Optima Health offers an integrated HRA product with our Optima Design plans. HRAs are established by the employer for their eligible employees and dependents that are enrolled in the HRA-linked plan. It is not a separate fund or savings account that is opened independently by you.

4. Who can contribute to an HRA?

Your employer is the only one who can contribute to an HRA. An HRA is not pre-funded, meaning the pledged dollars are not pre-loaded into the account waiting to be used. An HRA is a promise-to-pay arrangement, meaning funds are provided when eligible healthcare expenses are incurred up to a specific amount designated by your employer.

5. Are my employer's HRA contributions taxable to me?

No, your employer's contributions to the HRA are not included in your income. Any payments for eligible medical expenses made from the HRA are tax-free to you.

Optima Health Member Frequently Asked Questions

6. Who owns the HRA?

Since the HRA is a promise-to-pay arrangement, any funds not used by the employee remain with the employer. HRA funds are not portable—if you leave your employer you may not have access to the HRA funds to pay for your medical expenses. However, if you elect COBRA when leaving your employer, you may still have access to the HRA funds during the COBRA period.

7. How do I use my HRA funds?

An HRA can be used to pay for eligible medical expenses. With most Optima Design plans, HRA funds are used to help members pay for deductible expenses.

8. How does Optima Design work?

If you have group coverage under one of several Optima Health CDHPs, it's important that you read your plan benefits to understand what is covered. Some plans may require that you use providers under contract with Optima Health in order to receive services. After you receive care, the provider will submit a claim for payment to Optima Health. Optima Health will process the claim according to your plan benefits and pay providers a negotiated amount based on our contracted fee schedule. In most cases, you will receive a bill from your provider after they have received applicable payments from Optima Health, with the remaining balance billed to you as an out-of-pocket expense.

If any of these out-of-pocket expenses are eligible for HRA payment, the provider will be paid separately for the portion pledged by your employer from the HRA. There is no paperwork to file for you to receive HRA funds. If additional out-of-pocket expenses are owed by you to the provider, you will be responsible for the balance after applicable Optima Health and HRA payments. You can monitor your HRA activity at any time by accessing the secure member portal at optimahealth.com/members.

9. What are the benefits of the Optima Design integrated HRA plans?

Optima Design plans have a simple enrollment process into the health plan and into the HRA. You don't have to submit claims forms or receipts to use HRA funds for covered out-of-pocket costs. Your portion of a processed claim's cost is automatically sent to our HRA administrative partner to substantiate the expenses. You will have access to HRA payments, fund activities, claim monitoring, fund balances, and a variety of other healthcare resources when you sign in at optimahealth.com/members.

10. Can an HRA ever be used to pay for non-qualified expenses?

No, HRA funds are for out-of-pocket expenses established by the employer as eligible for payment.

11. Can HRA funds be used at any time in the plan year?

Yes, as long as they are used to pay for eligible medical deductible expenses designated by your employer.

Optima Health Member Frequently Asked Questions

12. Does an HRA earn interest?

No, these are promise-to-pay funds from your employer and are not a personal interest-bearing or growth account.

13. Can HRA funds be invested?

No, they are not your funds to invest.

14. Do I have to pay any additional out-of-pocket costs for wellness and/or preventive benefits? Some wellness or preventive benefits are covered before the general deductible. A copayment may apply. Preventive care generally includes routine check-ups, well-baby care, an annual gynecology (GYN) exam, and preventive screenings such as mammography and colonoscopy screenings.

15. How do I access my HRA account?

Throughout the year, when you have questions about your benefit plan coverage, would like to view claims information, or check your available HRA balance, you can find the information online by signing in at optimahealth.com/members. Once signed in, select "Health Reimbursement Account." Your optimahealth.com account also has a variety of resources available to help you manage other healthcare-related tasks, request a member ID card, search for network providers, research healthcare topics, view required notices related to your healthcare benefits, and much more.

16. Can I continue my HRA through COBRA?

Yes. You may continue your health insurance and/or the HRA through COBRA. Please speak directly with your employer about the details.

17. How soon can I begin to use my HRA?

Your employer determines how HRA funds are used and when they are available to you.

18. Will an HRA be established for the eligible dependents on my health plan or only for me, the employee?

The HRA is available to all eligible Optima Health members. Your employer may choose to provide different amounts for individual versus family enrollment.

This page is intended to be an overview of the Optima Design health plans with integrated HRAs offered to employer groups. Optima Health is the trade name of Optima Health Plan, Optima Health Insurance Company, and Sentara Health Plans, Inc. Optima Design PPO plans are underwritten by Optima Health Insurance Company. Optima Health Plan underwrites Optima Design HMO, POS, and mandated point of service plans. Self-funded group health plans are administered but not underwritten by Sentara Health Plans, Inc. All Optima Health plans have benefits exclusions, limitations, and terms under which the plan may be continued in force or discontinued. For costs and complete details of coverage, please call your broker or Optima Health or sign in at optimahealth. com. Optima Health recommends that employers and employees consult with a tax advisor when setting up or using an HRA account.
